PROFESSIONAL EXPERIENCE

Freelance Software Work

- Delivered projects to clients in exchange for fiat currency, including full-stack applications, static SPAs, and WordPress sites.
- Acted as the primary point of contact with clients, handled project scoping and estimation, and delivered projects within specified timelines and budgets.

04/2022 – Present
Silver Spring, MD

Software Engineer, TLP Ventures

- Responsible for maintaining and improving client dashboards.
- Utilized React/TypeScript/Redux to display sales and other incoming API data in an intuitive and effective manner.
- Collaborated with cross-functional teams to ensure timely delivery of high-quality software solutions.

01/2022 – 04/2022
Arlington, VA

PROJECTS

Dumbnail, *The Ultimate Memeshot Maker*

Built in ReactJS, Dumbnail is an application that allows users to create and download screenshots of fictional YouTube videos, celebrity tweets, and much more.

Screenplay Rules, *How To Write A Screenplay*

This personal project was also built in React and provides comprehensive guidance on the dos and don'ts of spec screenwriting for rookies.

EDUCATION

General Assembly,
Certificate of Completion in Software Engineering Immersive Course

2022

Excelsior College, *Bachelor of Science in Liberal Arts*

2021
